Product code reference guide

FLxx_

Clay body This collection can be produced using either **Heritage Stoneware clay** or **Refractory clay**, depending on the desired glaze effect. Each clay body reacts differently with our finishes, resulting in distinctive surface qualities and aesthetic variations. Please note that the final color of the finish may vary slightly depending on the clay body.

Dimensions Refer to the drawings below

Tile thickness Up to 15 mm (0.6") for high-relief version • 10 mm (0.4") for plain version

Available finishing

- Gloss: smooth and shiny
- Satin: soft sheen, semi-matte
- Iridescent: color-shifting surface with light reflection
- Metallic: real metal or PVD coating is used depending on the application

Suitable for: Standard applications are for indoor use; outdoor options are available on request

Mounting: Provided individually

Recommended extra: 10% (for cuts, waste, and on-site adjustments)

Code	pcs per sqm
FL15P_	3
FL15S_	4
FL22P_	4
FL22S_	4
Total	15 pcs / m²

The quantities indicated in the table above correspond to one square meter and are designed to ensure a balanced proportion between the elements.

FLORA

DESIGNER CHIARA ANDREATTI

Example of a laying pattern (2 sqm / 21.5 sq ft) for **Heritage stoneware** or **Refractory clay**. This is just one possible configuration; different layouts can be achieved with a varied number of tiles.

Important Installation Note

Due to the artisanal nature of the product, slight dimensional variations may occur between individual pieces, even though each tile is hand-rectified. As a result, joints between tiles may not be perfectly uniform. For this reason, tile spacers should not be used. Tiles must be laid manually, adjusting them while the adhesive is still fresh to achieve the most balanced joint distribution possible. Despite these efforts, visible differences in joint width may still be present. However, once grouted, these irregularities will become significantly less noticeable – in most cases, nearly imperceptible. For further details, please refer to our Installation and Maintenance Guidelines.

PACKING • *Heritage Stoneware clay and Refractory clay*

The following tables provides packing details per tile type and maximum pallet specifications for shipping and storage purposes.

Tile Code	Pcs/Box	Kg/Box
FL15S_	8	10 kg
FL15P_	12	15 kg
FL22S_	9	11 kg
FL22P_	12	15 kg

Specification	Value
Boxes per pallet (max)	54
Coverage per pallet	35 sqm / 376.73 sqft
Weight per pallet	675 kg
Pallet dimensions (max)	82 × 122 × h 100 cm

SHIPPING PACKAGING GUIDELINES

For large, medium, and small shipments, we use wooden crates to provide extra protection against vibration, shock, and shifting during transport.

For large and medium shipments, we offer stackable crates to optimize shipping and storage space, helping to reduce transportation costs.

Wooden crates also provide an additional level of security, as they are typically more difficult to open than palletized loads..

GUIDELINES FOR INSTALLATION AND MAINTENANCE

Guidelines for installation and maintenance are always included with our products. They provide essential precautions and detailed instructions on how to properly install and maintain our tiles and mosaics. **Please make sure to read these instructions carefully before starting the installation.** For further assistance, don't hesitate to contact our technical department.
